

**MALAYSIAN TECHNICAL COOPERATION  
PROGRAM (MTCP) 2016**

## ISLAMIC CAPITAL MARKET PROGRAMME

8 - 11 August 2016  
Best Western Petaling Jaya Hotel  
Selangor, Malaysia

### ABOUT MTCP

The Malaysian Technical Cooperation Programme (MTCP) was first initiated at the First Commonwealth Heads of Government Meeting (CHOGM) for Asia Pacific Region in Sydney in February 1978. It was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCDC).

In line with the spirit of South-South Cooperation, Malaysia through the MTCP shares its development experiences and expertise with other developing countries. The MTCP was first formulated based on the belief that the development of a country depends on the quality of its human resources. The programme forms part of the commitment of the Malaysian Government towards the promotion of technical cooperation among developing countries, strengthening of regional and sub-regional cooperation, as well as nurturing collective self-reliance among developing countries.

The MTCP emphasises the development of human resources through the provision of training in various areas which are essential for a country's development such as public administration, good governance, health services, education, sustainable development, agriculture, poverty alleviation, investment promotion, ICT and banking. Annually, more than 100 MTCP programmes are offered by 79 MTCP Training Institution, many of which are centres of excellence for training. Since its inception, MTCP has gained more than 30,600 participants from 141 countries.
